This is also a background problem that we are facing how to wear headphones for too long is quite irritating 3) instead of allowing players to choose if they want to play hot or safe drop, the game should decide for the user through the past matches.4)) Many opening creates we receive a single gun or vehicle leather when it makes it annoying to save all the coupons and create, and when revived it would be a lesser gun, at least the probability should increase we apologize for the problem. We need to further evaluate the situation. Please contact us at the battlegroundsendia_support@krafton.com and we will help you soon as soon as possible. Hello battlefields mobile team in India, on August 18 2021 India cellular battlefields launched on iOS and I downloaded, after three, four days I noticed suspicious activities on my account. Someone else besides me is using my account. HEA S to play games, to make changes to my account and the addition of people randomly. I already made a complaint about it on your service center that is given in the app, but I had no answer from there. I am reaching for help consider every possible option that would help me recover my account. Here too I am writing my problem because and help me recover my account by him. I have a lot of progress saved in it, I gathered many things and playing for more than 3.4 seasons and gives me t want to lose, so please give me a hand to get my account back! My account is connected with Facebook ID, but I have havenâ€¦ t noted any suspicious activities on my facebook account, but I still have changed my password of it and even be able to access my cellular battle field india account.please revert me back and look at my problem at the PiA " soon !!!! Game is perfectly good except for the defects we have experienced since each update. However, we are sick of scammers and hackers in the game. These guys are Niubbi that I know how to play the game and get hack. We sincerely play at this game, personally I played since the Pubg season 2 and now ita s the game of hackers and cheaters. No measures are needed to be taking to keep them out of the game. They are in every game, just launch the game and boma youâ€¦ king against a hacker in the game. No matter how many file reports, they never be banned! Natural suggestion: If hackers are prohibited, prohibit their IP address and so that it gives us t face this Issue.at the rate hackers are growing Yes Krafton loses its dignity and the gambling mania. Free to download and play, this game transports you in an island full of players trying to survive. Here, you play against other online players to become the last man standing.by me is the renewed version of the Mobile Battlegrounds Playerunknown (PUBG) Mobile for the Indian public. With this, they expect to see a lot of similarities. In fact, almost all offered in the game is a carbon copy of the popular Battle Royale title. Although, it is still possible to see some less qualities of life (QoL) changes here and there.â€¦ is the game different from Pubg? Pubg Mobile is one of the most popular applications in India, especially among gaming enthusiasts. However, when the government has put the prohibition of different Chinese applications in It was one of the games he got Cartesian. To date, players are no more able to access the action title. Although, after several months, the successor of the game has arrived in the form of his new avatar known as Battlegrounds Mobile India.The game is equipped with an almost identical gameplay that immerses players in innumerable events and tournaments. You will also see fighting out against against Players around the world. Typical of a battle Royale, the game will transport you in a shrinking island where all players are trying to survive by killing each other. Armed of weapons, you will explore this island and kill all the enemies that you are commercials. However, while it is quite identical in Pubg, the India mobile battlefield brings an improvement in QoL that distinguishes it from its condemned anmerity. It reclassified kills as finishes and allows players to change blood color to make it seem less violent. Also, change the server with ease. The game also avoids healthcare repercussions looking for players to be wary of their environment while playing. Is the game good? Overall, BGMI is a game that allows Indian fans to experiment, once again, the exalt battles offered by Pubg Mobile. Here you will find almost everything that is familiar, from gameplay and graphics to maps and weapons. However, this does not mean that the games are identical. There are some changes in management and cosmetics that distinguish it from the banned game. Although, the experience will be similar to the category SHA256 7EE73226CAB600680212FFCF23CFEBD87547D92F1B9233EF42C1B9233EF42CEDB86494BDE1 because this app has been published on uptown?
